

Dear customers and suppliers,

we hereby inform you that, following the recent Italian developments on Coronavirus (COVID-19), we immediately activated a special management in order to strengthen, in compliance with the provisions issued by the Ministry of Health and the competent institutions, all the safety measures aiming to guarantee our employees, customers and suppliers to work in the greatest possible serenity and security.

In order to reduce the possibility of contagion, we gave all our employees the opportunity to work in "smart working" and, when it's not possible, to operate in complete safety, taking care of the usual daily services such as order management, commercial and back office support, remote production and technical assistance.

We are carefully and daily keeping under control the evolution of the situation in order to promptly manage any change in the best way, respecting everyone's safety.

We carry on working together to successfully overcome this emergency which will make us stronger and much more determined than before.

Binasco, March 12, 2020.
